

Acne impacts nearly 80% of our population, including children, teenagers and adults. For many, dealing with acne breakouts leaves both physical and emotional scars.

Upstate Dermatology offers a Comprehensive Acne Treatment Program. Our specialized team of Registered Nurses and Licensed Aestheticians works closely with our Medical Providers to offer each and every client a customized treatment plan. From mild or moderate to severe conditions, we offer the latest in acne treatments for any age and ethnic background. Many acne treatment options are covered by insurance.

If you have,...

- Adolescent Acne
- Adult Acne
- Acne Scarring
- Acne Rosacea
- Hyperpigmentation due to acne

Available Treatments Include:

- Chemical Peels
- Extractions
- Laser therapies
- Light Therapy
- Microdermabrasion
- Photo Dynamic Therapy
- Skin Care Products

*Acne! It's Worth Asking (and Talking) About!
.....ask your Medical Provider today if you can benefit from these services.*
